VETERINARY TECHNICIAN INTERNSHIP ANNOUNCEMENT

The Marine Mammal Center, an equal opportunity, non-profit employer, offers a Veterinary Technician Internship. The Marine Mammal Center's mission is to expand knowledge about marine mammals—their health and that of their ocean environment—and to inspire their global conservation. Our core work is the rescue and rehabilitation of sick and injured marine mammals, supported by state-of-the-art animal care and research facilities, a corps of dedicated volunteers, and an engaged community.

Position Description:
Interns can observe medical procedures and assist the veterinarian and veterinary technicians with administering medicines, wound care, rechecking examinations, medical record-keeping, and procedures such as blood collection and x-rays. Interns are required to work a minimum of one animal care crew per week.

Intern Responsibilities & Qualifications:
The internship is open to all applicants 18 years of age or older, and must be currently enrolled or a recent graduate of an AVMA certified school of veterinary technology. Interns are accepted seasonally and the schedule can be made to accommodate college students or work schedules. We require at least 2 days a week but prefer 5 days a week. Internship length is a minimum of 3 weeks but can be up to 6 months in certain circumstances. This is an unpaid position and all interns are responsible for obtaining housing and transportation. Applicants should demonstrate excellent communication skills, worth both as a team and independently, have a good work ethic, positive attitude, and ability to interact with people and the public. This internship position involves a fair amount of physical activity, such as: lifting, restraining and moving animals.

We offer 2-4 positions annually. These positions are unpaid.

If qualified, please send your CV, a letter of intent, and your school requirements to:
