The Marine Mammal Center’s Youth Crew introduces high school students (between the ages of 15-18) to the Center’s mission and the importance of volunteerism.

Youth Crew is a multi-year, service learning program for high school students (or the equivalent level for homeschool) who want to learn more about marine science and environmental education. Students accepted into Youth Crew will gain hands-on experience rehabilitating marine mammals and engaging the Center’s visitors. Youth Crew runs for a minimum of six months from January-August. All participants are required to commit to the full program year.

Qualifications:

All Youth Crew applicants must:

- Be a high school student (or equivalent level of homeschool) between the ages of 15-18*
- Be able to commit to a 4-8 hour shift every week for a minimum of six months (January-August)
- Have a flexible schedule
- Be available to attend all mandatory trainings & workshops throughout the program year
- Arrange their own transportation to and from The Marine Mammal Center
- Have an interest in marine biology, conservation and/or other related fields!

*Must be 15 years of age, when application is submitted.
