

# A *whaley* special gift is on its way!

## About Your Gift and The Marine Mammal Center

Did you know The Marine Mammal Center is the world's largest marine mammal hospital? Thanks to people like you, since 1975, the Center has rescued over 24,000 marine mammals along 600 miles of California coastline and on the Big Island of Hawai'i. With the ultimate goal of releasing patients back to their ocean home for a second chance at life, the Center provides treatment and rehabilitation to these rescued animals at its state-of-the-art veterinary facilities.

You can feel proud that your loved one's purchase of your special gift supports the Center's mission to advance global ocean conservation through marine mammal rescue and rehabilitation, scientific research, and education.
